Appendix A: Questionnaire 1

Physiology Learning in HPHSIII

We are currently conducting a study to understand the factors affecting the success rate and throughput of students enrolled for this physiology course (HPHSIII). In order to do this we will be asking for your feedback during this Semester. We would like to extend an invitation to participate in this study, the results of which will be published and presented at relevant conferences.

Your completion and return of this survey will imply your consent to participate in the study. Please be assured that all information provided by you will be treated with the utmost confidentiality and will not impact negatively on you. Remember we are here to facilitate your learning of Physiology. We therefore would appreciate you taking the time to complete the short questionnaire below.

Should you, for any reason, decide at a later stage that you do not wish the information we have obtained from you be used in any way, you will of course be free to contact us and we will disregard your inclusion in the survey.
